

BERETE S.L. is a leading company in the sector, dedicated to the commercialization of frozen fish and seafood products, both wild caught and farmed-raised. **Customer satisfaction constitutes the ultimate goal of Berete S.L. strategic direction, always supported by the Quality and Food Safety Policy within the framework of which the company operates.**

The Quality and Food Safety Policy of Berete S.L. is customer-focused and is based on serving its customers healthy, hygienic, high quality and safe products in order to achieve the utmost satisfaction of the customers. Total customer satisfaction is a fundamental pillar of growth in the company.

BERETE S.L. has dedicated and highly qualified staff, both in purchasing and sales departments, in charge of product evaluation and support activities. Quality and Food Safety Policy is a commitment and responsibility of all the staff. Its guidelines with regard to legal regulations, quality and food safety and customer specifications compliance are duly known and implemented by all members of our team. By outsourcing adequate and certified cold stores facilities and qualified logistic operators, Berete S.L. ensures the proper storage, conservation, transportation and delivery of all the products to its customers. Thereby, Berete S.L. guarantees maximum quality to its customers.

Management of Berete S.L. is committed to Sustainable Development in terms of environmental, ethics, personal and social responsibility. In this regard, the company is committed to working with the best available techniques, to the extent possible, and to do so in an environmentally and socially-friendly way.

Berete S.L. guarantees the maximum reliability of its products, by ensuring that raw materials come from the leading companies in the fishing sector worldwide. Thanks to its supplier control system, Berete S.L. ensures for all our products the fulfilment of the requirements and specifications set by customers and agri-food legislation, thus obtaining maximum quality and safety of its products. **The motto of Berete S.L. is: "We only supply products that we would feed our children"**. The company brings it to life by supplying natural products with minimum handling, both farmed-raised and wild caught in the clean seas.

Management of the company is committed to comply with the quality requirements according to Quality and Food Safety Standards and the Sustainability Standard in which the company is certified. Moreover, Berete S.L. promotes continuous improvement by caring out annual and periodic revisions to check if any changes have affected context, regulations, requirements and objectives of the company. The Quality Policy is the reference framework to establish the Objectives for Quality and Food Safety in Berete S.L.

All the principles and commitments exposed in Berete S.L. policy are built up and implemented in its SGCSA in in indexes and objectives measured, controlled and monitored for continuous improvement.
